# HIGHLANDER TRAINING CENTER

Highlander Training Center rests on 190 acres near Sulphur Springs, Texas, 80 miles east of Dallas. Highlander was founded on the core principle of forging champions.

Highlander Training Center sits within easy shipping distance of nine major racetracks, and we regularly ship horses to tracks in Kentucky, New York and across the country.

Here at Highlander Training Center, we are fortunate to have a team of skilled trainers, riders and groom with years of combined experience in the thoroughbred racing industry.

Our proven program for the breaking and early conditioning of young horses provides each horse the physical and mental preparedness for the racetrack.

Attention to detail is also a standard of excellence at Highlander. Preventing small issues from becoming big issues is critically important when dealing with equine athletes. Our trainers, riders and grooms are focused on treating each horse as an individual, and providing them the individualized care they need to reach their maximum potential.

We invite you to visit us at Highlander Training Center, meet our team and explore the possibilities of incorporating Highlander into your racing program.

*600+ Graduate Winners  
in the most recent 36 months*

*Meticulous Horsemanship,  
Balanced Nutrition and  
Attention to Detail*

*Offering a complete suite of services for the care, fitness & therapy of your Thoroughbreds.*

## COLD SALT WATER SPA

Cold Salt Hydrotherapy is used to treat and lower the risk of a multitude of injuries. The soothing salt solutions act as a hypertonic poultice, reducing heat while having a natural healing effect.

## AQUA TREADMILLS

In ground and above ground, the aqua treadmills at HTC are designed to relieve stress and promote healing and fitness. They have been proven to be powerful tools for rehabilitation, training and conditioning of horses.

## VIBRATION PLATE FLOOR STALLS

Vibration plate therapy can lead to improved performance and even prevent injuries and accelerate healing. Vibration therapy has also been used to treat tendon and ligament injuries, decreased bone density, bucked shins, and arthritis in horses.

## REGENERATIVE LASER THERAPY

Once considered career ending injuries are being met with renewed confidence and optimism around the globe. SOUND® brings the ground-breaking RLT Vet Regenerative Laser Therapy to equine medicine.

## THERAPULSE BLANKET THERAPY

By stimulating and regenerating cell tissue, it is a highly popular form of therapy for muscles, ligaments, bone repair, wound healing and blood revitalization.

## VETERINARY CARE & SERVICES

FITNESS & THERAPY CENTER

With more than 600 graduate winners in the most recent 36 months, our proven approach to breaking and training provides each young horse a solid mental & physical foundation and what we believe is a competitive advantage when they get to the track.

We are also uniquely equipped to give older horses a break from the rigors of racing and bring them back to their peak of mental and physical preparedness. Highlander offers 11 large pastures as well as 16 paddocks and turn-out pens for layups and turn-outs. We then utilize our proven training and horsemanship skills along with our Fitness & Therapy Center modalities for a fresh and fit return to the races.

We invite you to visit us at Highlander Training Center, meet our team and explore the possibilities of incorporating Highlander into your racing program.
